

Good morning,

It's an honor and a great pleasure to have you all here today to celebrate together the end of session day, this session that has been both intense and studious.

This is the 6th session for technicians and engineers and the 3rd for operators. The 1st one was in 2009, and since then, much progress has been made in the content of programs and the staff of OGIM instructors was reinforced by new skills.

Today OGIM has a good reputation in our sector. As a matter of fact, the number of companies who trust us is increasing continuously in both in house training and public courses, particularly among them SEREPT, SITEP, TPS, OMV, SODEPS, Winstar, CFTP, Sarost, Perenco, Solid, WWS, Petrofac and others

We finished this year with a nice new: we recently have been informed that we were selected by Business Initiative Directions to receive the International Star for Quality award in September 21, 2014 at a ceremony that will be held in Geneva, Switzerland.

We follow with interest our previous graduates and find that our engineers technicians and operators have a good professional image (reputation), although (bien que) recruitment unfortunately is not as we wish. This is mainly due to current economic difficulties and employment problems in our country.

We should keep being hopeful and maintain the same quality standards, if not more (sinon plus). Our efforts will be rewarded.

The conference of mr ali gaaya, who will take the floor after me, will show us that our country has significant potential that just wait for our skills and goodwill (bonnes volontés).

Thanks to our instructors for the effort they have provided. The Board of classes was very busy yesterday. To our successful students, I say bravo and congratulations. To those who have been less fortunate, I ask them to keep the flame, good will and hope. You should know that failure is usually first step of success.

After mr ali gaaya's conference, we will follow with interest the students' presentations and give the floor to our guests who wish to speak. Finally, diplomas and trophies will be given to students before going to lunch together.
