

# Diploma Trainings Registration Guide

**Session 2024-2025**

Version 1.0

Accredited International  
Well Control Forum (U.K)

*Certified ISO 9001 : 2015*

# OGIM

Oil and Gas Institute of Monastir

## **OGIM Presentation:**

OGIM is a training institute specialized in Oil and Gas. It was created in 2008 with the contribution of engineers from Tunisian and international oil companies, with 20 to 30 years of experience, and eminent Tunisian academics. OGIM is certified ISO 9001: 2015.

In addition, OGIM is recognized by the Tunisian Ministry of Employment and Vocational Training, under the registration number: 08/105/52 , as a training center specialized in Oil and Gas fields and is authorized to provide postgraduate petroleum training for engineers, technicians and operators, during one academic year. These training sessions last for 10 months, including a technical part focused on operating, practical workshops and a safety training. OGIM gained a large experience in training intended to the specific needs of companies.

OGIM ensures the hosting of foreign students, their transfer from the airport and assistance for settlement and obtaining the residence permit.

**To register and for more Information:** Mob & Whatsapp: (+216) 27 117 117; Email : [inscription@ogim.tn](mailto:inscription@ogim.tn)

Office: (+216) 73 908 966; Address: OGIM, Av. Ibn El Jazzar - Skanès , 5000 Monastir (Tunisia)

# OGIM

Oil and Gas Institute of Monastir

OGIM is accredited by the International Well Control Forum IWCF-UK, as a primary center under Number TN.983, authorized to deliver the training and Well Intervention Pressure Control certificates Levels 2, 3&4.

OGIM is also accredited by the IWCF as a virtual center under Number TN.1484 to deliver the Well Intervention Pressure Control virtual training courses and exams.

Our graduates can benefit from reduced fees for IWCF certification, after the completion of their academic trainings.

OGIM is registered on the National Center for Continuing Training and Professional Promotion Portal as a training operator (CNFCPP, portal Malek) which enables companies established in Tunisia to sponsor candidates and benefit from a subsidy on the TFP by submitting a file to the CNFCPP.

# Our International Students and Trainees come From 21 Countries

# Graduate & Postgraduate Diplomas

Admission Conditions	Professional Diplomas	Hourly Volume
BAC+5 , Engineer, Master BAC+4 : after a desk review	Advanced Petroleum Engineering Diploma (E)	630 H
BAC+3, BTS, Technician BAC+2 : after a desk review	Petroleum High Technician Diploma (E)	530 H
BAC <sup>(*)</sup> , BTP <sup>(*)</sup> , BAC+1	Petroleum Production Operator Diploma (E) Diplôme d'Opérateur de Production Pétrolière (F)	530 H

**BAC** = High School Diploma

**NB 1:** Desk review consists mainly of taking into account experience and complementary professional or academic studies.

**NB 2:** BAC + 3 having validated Petroleum High Technician Diploma, can then be accepted for Advanced Petroleum Engineering Diploma, after a desk review.

**NB 3:** BAC + 1 having validated Petroleum Production Operator Diploma, can then be accepted for Petroleum High Technician Diploma, after a desk review.

**(\*) :** BTP Candidate or last year of Secondary School Level, without “Baccalauréat”, can be accepted after an OGIM upgrade training.

**(E):** Courses delivered in English **(F):** Courses delivered in French

# Documents Required for Registration

- Copy of last Diploma and score sheets, for university graduates
- Copy of other certificates and score sheets, if appropriate
- Copy of Secondary Studies Diploma (Baccalauréat or other certificates)
- Copy of ID Card or Passport for non residents
- 2 photos
- CV ( desirable)

**NB: Language Level certificate(s): Mandatory to be exempted from language training.**

# *Opérateur de Production Pétrolière (F)*

## **2024-2025**

23 Sep, 2024

02 Dec, 2024

31 May, 2025

**French & English Language Trainings: 180 h**

**Petroleum Course (F) : 350 h**

**Upgrade Training: 63 h**

# *Petroleum Production Operator (E)*

23 Sep, 2024

02 Dec, 2024

31 May, 2025

**English Language Training: 180 h**

**Petroleum Course (E) : 350 h**

**Upgrade Training: 63 h**

*(F): Courses delivered in French*

*(E): Courses delivered in English*

# *Petroleum High Technician (E)*

## *2024-2025*

23 Sep, 2024

02 Dec, 2024

31 May, 2025

**English Language Training: 180 h**

**Petroleum Course (E) : 350 h**

*(E): Courses delivered in English*

# Advanced Petroleum Engineering (E) 2024-2025

23 Sep, 2024

02 Dec, 2024

24 July, 2025

English Language Training: 180 h

Petroleum Course (E) : 450 h + Project

*(E): Courses delivered in English*

# ***Petroleum Production Operator (E)(F)***

## ***2024-2025***

### Program :

-  **Language Training**
-  **Fundamentals**
-  **Well completion and operations**
-  **Downhole Production**
-  **Surface production facilities and operations**
-  **Rotating machineries**
-  **Other surface facilities**
-  **HSE**
-  **Companies Visit**

**Total (E/F): 530 hours + 2 days of visit**

*(F): Courses delivered in French*

*(E): Courses delivered in English*

# ***Petroleum High Technician (E)***

## ***2024-2025***

### **Program :**

- + Language Training**
- + Introduction and fundamentals**
- + Well drilling**
- + Well completion equipments and interventions**
- + Surface production facilities and operations**
- + Rotating machineries: diagnostics and maintenance**
- + Other surface facilities**
- + HSE in Oil & Gas industry**
- + Companies Visit**

**Total : 530 hours + 2 days of visit**

*(E): Courses delivered in English*

# *Advanced Petroleum Engineering (E)*

## *2024-2025*

### Program :

-  **Language Training**
-  **Geosciences and Fundamentals**
-  **Well Drilling**
-  **Reservoir engineering**
-  **Well performance and completion**
-  **Processing and surface facilities**
-  **Safety, Project Management and Economics**
-  **Study trip and Companies Visit**
-  **Project**

**Total : 630 hours + 5 days of visit + 5 weeks of project**

*(E): Courses delivered in English*

## ADDITIONAL INFORMATION FOR OGIM STUDENTS (I)

### I) Description of Monastir city :

Monastir is a very pleasant university town appreciated both by the thousands of students who pursue their higher education there, and by the visitors who come to spend their holidays there (<https://www.ogim.tn/life-monastir>) . OGIM is located in the main student area of Monastir, which is equipped with all amenities, in particular many fast-food restaurants, restaurants, and studios or apartments for rent for students.

### II) University Center:

Monastir has been a university center since independence.

Today, the University of Monastir has 16 university institutes: School of Engineering (energy, electricity, textiles, mechanics), Faculty of Sciences, Faculty of Economics and Management, higher schools of biotechnology, computer science and mathematics, science and technology, applied languages, arts and crafts, as well as faculties of pharmacy, dentistry and medicine ...

## ADDITIONAL INFORMATION FOR OGIM STUDENTS (II)

### III) International Students:

OGIM ensures the reception of international students, the transfer from the airport, the assistance for the installation and for residence permit.

Upon arrival, students who wish can be accommodated in the Monastir youth center for a week or more at the rate of 5€ per day.

### IV) Costs of daily living: (housing, food, daily expenses)

Regarding accommodation and catering during the training, it is necessary to plan between 60 and 120 € per month for accommodation and 80 to 150 € per month for catering.
